

# Quality Assurance

## About Us

**Value Added Solutions, Inc. (VAS)** is an Employee-Owned Small Business providing services to the U.S. Department of Energy (DOE) and its prime contractors. Established in December of 2005, VAS employees provide services in Technical Support Services; aiding our clients from our corporate office in Aiken, SC, and our Regional Offices in Oak Ridge, TN; Piketon, OH; Paducah, KY; Richland, WA; and Carlsbad, NM.

We offer small commercial and construction firms our on-site government contracting experience to help navigate companies through the contracting, heavy regulation-driven reporting, and submittal processes.

*The Company of Choice*

# Quality Assurance

VAS provides Quality Assurance (QA) consulting services to aid clients in developing and implementing quality assurance procedures, plans, and specifications using the proper national or international standards. VAS supports clients' existing QA programs through external assessment and corrective action planning and evaluation.

## How can VAS support your new or existing QA program?

- Surveillance of off-site vendor fabrication and shop
- Documentation review for technical bids and proposals
- Statements of work and contract submittals
- Provide civil, electrical, and mechanical engineering quality oversight

## Provided Consultants Offer

- Corrective action support
- Code, standard, and regulation reviews
- Evaluate impact on existing procedures and specifications
- Make recommendations on issues or revise procedures to achieve conformance
- Vendor QC inspections by Certified Welding Inspectors, Mechanical SMEs, and Electrical SMEs

## Standards we specialize in

- DOE Directive – Quality Assurance (DOE O 414.1D)
- Quality Assurance for Nuclear Power Plants and Fuel Reprocessing Plants (10 CFR Part 50 Appendix B)
- Quality Assurance Requirements for Nuclear Facility Applications (ASME NQA-1)
- Quality Management Systems (ISO 9000)
- Environmental Management Systems (ISO 14000)
